

### Volunteers Week 2020 Videos:

1. Read the list of video question prompts below (2 options for those delivering a food project, and those volunteering with the project). Reflect on the prompts before filming your videos.
2. Grab your smartphone.
3. Find a relatively quiet location.
4. Film the videos on your smartphone. Make sure they are LANDSCAPE ORIENTATION (horizontal, not vertical). If you have a willing helper, ask them to film your answers. Selfies are great too!
5. Send us your video files! (keep them high res, don't compress or resize). Options for sending us your video files:

Email: [communications@dvva.scot](mailto:communications@dvva.scot)

Dropbox via [communications@dvva.scot](mailto:communications@dvva.scot)

We want to showcase the great work that is happening across the city. Thank you for taking part in this video project and all your hard work.

### Video Question Prompts

#### Organisation/ project:

- What do your volunteers do? Pick one role or give us a flavour of the variety of roles your volunteers do.
- What are you doing differently now, during the COVID 19 response?
- What are the key achievements of your volunteers over the Lockdown period?
- What would your project look like without volunteer support?
